

**12.19.19 TAP “Hot Fix” Release**

Corrected an issue with Private Pay children concerning the wrong age group being displayed for school age children.

Corrected an issue found with approving attendance to ensure that only “Primary” caretakers can approve attendance.

Corrected a pagination issue with the Child>Search and Sponsor>Search screens.

Corrected several small typos on the Help screens.

Updated the sweep text on the Splash Screen.

Updated the “County” field in the Report screens to allow “no county” to be selected for the parent county.

Updated the Sponsored Children grid on the Sponsor>Detail screen to include “PC” after the child’s name if the sponsor is the Primary Caretaker. Private pay children will not have “PC” listed on the grid.

Updated the “My Children’s Sponsors” section of the Sponsor>My Information screen. All non-primary sponsors will have the “Enter Approved Attendance” and the “Can Approve Pending Attendance” check boxes greyed out. All primary sponsors will have check marks in these checkboxes.

Updated the Sponsored Children section of the Sponsor>Detail screen. If the sponsor is the primary caretaker, “(PC)” will be placed beside the child’s name.
